Great Prize Contest Just Fairly Started

Voting in the Great Popularity Race Gets Underway. Many of the Candidates are Just Beginning to Wake up to the Fact that they Really can win a Prize very easily. Many Inquiries Coming in from Prospective Candidates. There is a good opportunity for any person to pull down a prize very easily.

GREAT DOUBLE VOTE OFFER NOW ON

Now is your chance to get a good start in this great race for glory and prizes. Double Votes on all Subscriptions turned in before February 20th.

The Big Sandy News Prize Popularity Contest, like all huge affairs, is slow in launching, but gathers speed from day to day and will soon be swinging along in fine style.

The list grows steadily each day as more and more persons make up their minds that their chances are as good as any one already in the list, and they proceed to get a pair of scissors, clip out the nomination blank and then send it to the contest department.

Then they come in for a subscription book or have one mailed to them and get busy. That's about all there is to it. Those who realize the fact and get a start at once, before the other candidates wake up will be the one who will wear the smile that won't wear off when the contest is over. There is not a candidate in the race whose lead cannot be overcome by a very little work among your friends.

Although the contest man has been explaining the details of the contest and telling them about it in the paper, there are still a number of people who do not seem to understand it. For the benefit of these people, we give a number of questions which have been asked during the last week and the answers to same. Should there be anything else that is not fully understood, write for further details.

1. AM I ONLY ALLOWED TO SECURE SUBSCRIPTIONS IN MY OWN DISTRICT? No, you and your friends may secure subscriptions from anyone, anywhere in the United States.

2. HOW CAN I GET STARTED IN THE CONTEST? Clip out, fill in, and send the nomination blank to the contest department. A subscription receipt book and other printed matter will then be sent you. Then see your friends and acquaintances and get them to save their votes and subscriptions for you.

3. HOW DO I SECURE VOTES? Votes may be clipped from the paper but the best and quickest way is to secure subscriptions to the Big Sandy News and get the vote certificates for them sent up fast.

Votes are also given with purchases made at stores which are members of the contest.

4. HOW DO I SECURE VOTE CERTIFICATES? They are issued on subscriptions to the Big Sandy News. Whenever you secure subscriptions we issue you a vote certificate for a certain number of votes according to the length of the subscription, and mail same back to you. These vote certificates are good at any time up to the close of the contest and may be pooled and published whenever you choose. They will not be added to your standing in the paper until you send them in with the request that they be pooled and published.

5. SHALL I SEND IN SUBSCRIPTIONS AS SOON AS I RECEIVE THEM? Yes, then you can get the paper started to the subscriber and he will clip and save the votes from the paper for you.

6. WHO SHALL I SEND SUBSCRIPTIONS TO? Address all nominations and communications to the Contest Manager, care of the Big Sandy News, Louisa, Ky. Have checks money orders, etc., made payable to the Big Sandy News.

7. HOW MANY DISTRICTS ARE THERE? Two districts one in Lawrence county, and one in the territory of the contest outside.

8. MAY I TRANSFER MY BALLOTS TO MY FRIENDS IF I DO NOT CARE TO COMPETE? No, once issued, vote ballots or certificates are absolutely non-transferable. If you drop out after you have got started, you lose all votes that are to your credit.

9. WHEN I GET A SUBSCRIBER DO I SEND THE MONEY TO THE BIG SANDY NEWS? Yes, always collect the money for the subscriptions. Vote certificates will not be issued unless the money is enclosed with the name and address of the subscriber. Enclose center part of your contest subscription receipts when sending in the money. If you have no receipt book, write the Contest Department.

Do not stop and then start the paper again or switch an old subscriber to some other member of same household. Such will not be counted as new subscriptions, but as old ones.

Double Votes on all Subscriptions Feb. 6 to Feb. 20 Inclusive.

The great "Opportunity Offer" of the contest starts Feb. 6. Double Votes will be given on both old and new subscriptions turned in between Thursday morning, Feb. 6 and Thursday, Feb. 20th at 8 p. m. It is probably the most remarkable offer ever made in a similar contest—a vote offer that cannot fail to appeal to you as the best kind of an opportunity for you to win for your favorite.

Get Started at Once.

If you have not as yet, got started in this big race, now is your chance for your efforts will count double. If you have not received the receipt book and printed letters to start your campaign, ask the contest manager to send them at once. Late entries in the race will now have an opportunity furnished them by this big double vote offer to catch up with any one in the race. There is an exceptionally good opportunity for the contestants in the second district for very few of these in that district have as yet got started. Make up a list of friends, relatives and acquaintances and start out with the grim determination to see or write or telephone to them this week. Acquaint them with this most magnificent vote offer; let them know that they can help just twice as much this week as ordinarily. You will find them only too willing to lend a helping hand when you once have shown them how very substantial will be the results of any assistance given this week.

This great "Opportunity Offer" is by long odds the biggest offer that has been made in this and without a scintilla of a doubt will make the next few days the most exciting of the contest. It is the time for the most active kind of hustling. On what you do now may depend your success or defeat for it has been pointed out that your efforts will now go twice as far as heretofore. Always have your hook with you. Bear in mind that you are in this race for one purpose only and that is TO WIN. If you are not an active candidate, start your campaign and if you are now trying, redouble your efforts. These next few days will pass quickly so don't lose any of this precious time.

Good Chance in District No. 2.

There is an exceptionally fine opportunity for candidates in the second district to pull down the prizes very easily. Only a couple of the candidates in this district have done any active work as far and even a new candidate could now start and with a very little effort could catch up with any one in the race. With this fine list of prizes some of the candidates will surely wake up to their opportunities before the contest is over and those who do so at once will be able to gain a lead. Stop "thinking the matter over." Get started at once. If you have not received the printed matter to start your campaign send for it at once.

OLD LANDMARK REMOVED.

The frame residence on the southeast corner of Madison and Jefferson streets is being torn down. For many years it was owned and occupied by William Bowe, deceased. Later R. C. McClure kept the post office there, and until he built his present residence it was the home of Robert Dixon. Its removal will add much to the appearance of the Dixon property.

FERGUSON-MYERS.

Married, Wednesday morning, February 5th, 1913, in this city, at the residence of her son, Mr. W. L. Ferguson, Mrs. Angie Ferguson, of Harold, Floyd county, to Mr. William Myers, of Ashland. The Rev. J. W. Critch, pastor of the M. E. Church South, Louisa, performed the ceremony, which took place in the presence of a few friends, neighbors of Mr. and Mrs. W. L. Ferguson. Shortly after the pair became one they left for Cincinnati, where they will remain a few days and then return to Ashland for residence.

The bride is handsome, young-looking and popular, highly esteemed in the section where she has lived many years. She belongs to one of the best families in the Big Sandy country. "Billy" Myers is one of the best known and most popular conductors in the service of the C. & O. He has carried hundreds of thousands of men, women and children up and down this division during his years of employment, and is liked by all. He is to be congratulated on his recent good fortune.

HEAR STANLEY AND LANGLEY.

The public generally, and the friends of the K. N. C. particularly, should attend the grand rally at the College building on tomorrow (Saturday) night, at which time Congressmen A. O. Stanley and Jno. W. Langley will address what undoubtedly will be a big audience in the interest of the College. These noted men will come a long distance to talk to our people, and we should show by our presence at this meeting that we appreciate their kindness. An interesting program will be observed. If the weather should be very inclement the rally will be held elsewhere, and due notice will be given of the change.

MALICIOUS MISCHIEF.

On Sunday night last some one who apparently did not have the fear of the law before his eyes, played havoc with the telephone line up Lick creek. Whoever it was he began operations at the head of the lane leading from the county road to D. M. Jones' place and cut the wires from 24 poles. The line was disabled until a repair force from Huntington put things in order.

M. D. L. BURNS.

Death of Well Known Citizen at 81 Years of Age.

Monsieur de Lafayette Burns died at his home near Culbertson, Boyd county, Ky., last Sunday night, his death being occasioned by a complication of afflictions incident to old age. He was born January 26, 1832, and hence was 81 years and one month old at his death. He was a son of Rowland and Catherine Burns whose family consisted of eleven children, eight sons and three daughters, all of whom are now gone from earth except the writer of this memorial—the youngest, Lafayette being the next youngest and hence was the playmate of the writer hereof, and all the sweet and pleasant memories of "childhood's happy hours" are associated with him. As I write my heart is filled with these happy recollections. He was born, lived and died upon a farm adjoining the old Burns homestead (more recently known as the John Powers farm) where he was born and grew to manhood. He was highly gifted intellectually, and was widely and well informed, but never had any professional or political ambitions, preferring to lead a quiet Christian life on his beautiful bluegrass farm. He belonged to the class of men described in Gray's Elegy who "Far from the maddening crowds ignoble strife, Their sober wishes never learned to stray; Along the cool sequestered vale of life They kept the noiseless tenor of their way."

In the opinion of the writer hereof the happiest life on earth to mortals given, especially so when such a life is marked by constant piety and true goodness, as was the life of my playmate brother. For over a half a century he had been a consistent, ardent and zealous member of the Southern Missionary Baptist Church. He was the only person I ever knew who kept a strict account of his income from any and every source, and conscientiously paid a tithe thereof to the Lord and He prospered him.

He was twice married. His first wife was Miss Mary Casey, of near where Kellogg, Wayne county, W. Va. now is. She was a good woman and to them were given as pledges of their love seven children. I think his grand children number about thirty and several great grand children. His first wife died many years ago, and several years thereafter he married Miss Amanda Bradley, daughter of Stephen Bradley, who in his day was one of Lawrence county's good citizens. Everybody in this section knows "Aunt

A BIG DEAL.

Large Acreage of Eastern Kentucky Coal Lands to be Developed.

CINCINNATI, Feb. 4.—Three Cincinnati initial lines—Chesapeake, Ohio, Norfolk & Western and Louisville & Nashville—are vitally interested in the visit of D. A. Thomas, of Newport, Wales, and T. J. Callaghan and W. A. MacKnight, all of whom are connected with the Cambrian coal syndicate, of Wales, to the Eastern Kentucky coal fields. Messrs. Callaghan and MacKnight, are expected in Cincinnati today as they swung over the Lexington and Eastern division of the L. and N. yesterday, and will come to Cincinnati from Winchester, Ky., over the Knoxville division to Cincinnati for the last leg of the journey to New York City.

It is expected that a deal will be closed for coal mines situated on all of the roads. The Welsh syndicate expects to start out with shipments of about 4,000,000 tons of coal per annum to the Atlantic seaboard for shipment to South America. Eventually American coal will be put in the Mediterranean trade, as the Welsh coal operators are beginning to realize that black diamonds from this country constitute the most serious competition that their product will have to meet.

Some idea of the enormous volume of coal that is wanted from the beginning can be realized from the fact that 4,000,000 tons nearly equals the amount of coal sent through the Cincinnati gateway last year during the entire coal season.

MUST STAMP INTEREST BEARING WARRANTS.

Frankfort, Ky., Jan. 31.—The State Treasurer is a ministerial officer and must stamp as interest bearing warrants drawn on the treasury for appropriations made by the Legislature. This was in effect the holding of Judge Stout, of the Franklin Circuit Court, this morning in the suit of Commissioner of Agriculture J. W. Newman against State Treasurer Thomas Rhea to compel him to stamp as interest bearing a warrant for \$30,000 issued by the auditor, in favor of the State Fair Board.

The money was appropriated to pay off notes of the fair for which sixty Louisville business men are security.

The effect of the ruling, if affirmed by the Court of Appeals, will be to compel the stamping of all warrants for 1912 appropriations as interest bearing. The question, however, may be raised again if the auditor declines to issue any more warrants.

The decision was made today sustaining a demurrer to the answer of the State Treasurer.

DR. MAYNARD ROBBED.

Dr. J. B. Maynard, of Pond creek was robbed of his pocketbook Tuesday while a passenger on the Pond creek branch train enroute to Williamsburg.

The purse contained a certificate of deposit for \$5,000, receipts showing the deposit of about \$1,500 in the First National Bank, notes amounting to about \$800 and \$90 in money.

Early Wednesday morning the pocketbook was found at the local station. It had been thrown into a bread basket that was brought on the Pond creek train. The thief had stolen \$65 in money but overlooked \$25 more, wrapped in some other papers.—Williamsburg paper.

Dr. Maynard is well known in this city, where he has several relatives.

CLOSE OF MEETING.

The meeting held at the M. E. Church for several days past came to a close Wednesday night. The final sermon was preached by the Rev. Dr. McClay, District Superintendent. It was a splendid discourse, listened to with marked attention by a large audience. The Rev. L. L. Pickett, of Louisville, had previously held large and interesting meetings. Dr. McClay will return March 29 and hold a series of meetings until April 6th.

COUNCIL MEETING.

The city council met in regular session on last Tuesday evening. All the members were present. The Marshal's salary was paid, also one of the hundred dollar school bonds. A committee consisting of R. L. Vason, C. L. Miller and H. E. Evans was appointed to divide the 1913 revenue into three funds: light street and water, and report to the council at its next regular meeting.

A SUNDAY WEDDING.

On last Sunday evening Jno. Justice, of this city, was married at the home of Charles Waldeck to Miss Fannie Marcum, of Huntington. The Rev. C. M. Summers, pastor of the Christian church, performed the ceremony.

NEW RAILROAD BRIDGE.

Quite a number of prominent contractors went to Walbridge, three miles south of Louisa, on the C. & O., for the purpose of looking over the ground where the railroad company intends to construct a concrete bridge across the Levisa fork of the Big Sandy. The new bridge will be so placed that the Walbridge tunnel will be avoided.

The construction of the bridge will require about ten thousand yards of concrete.

It is said that contracts are to be let for much concrete work at Blaine and Bear creek.

THE GNE WES.

This society held a social session on Friday evening last at the residence of Mr. and Mrs. Ed. Spencer, Mrs. Spencer being a member of the organization. When they meet on week day afternoons they are armed with needles and thimbles, but on the occasion referred to the purpose was to have good time, and they had it. The masculines were invited for this function, and for several hours there was not a dull minute. Piano and vocal music and delicious things to eat contributed to the general enjoyment. The out-of-town guest was Mr. W. C. Potts, of Grand Rapids, Mich.

A NOTABLE OCCASION.

Mr. and Mrs. James Layne, of Guyandotte, who celebrated Wednesday the 50th anniversary of their marriage, were for many years residents of this city, where they have many relatives and friends. They were married Feb. 5th, 1863, in the house where the widow Rice lives, near the mouth of Two Mile creek.

WAS CALLED TO PORTSMOUTH.

While in Cincinnati last week Mrs. William Justice, of this city, was called to Portsmouth to see her sister, Mrs. Lafa Compton, who was dangerously ill. Mrs. Justice remained several days with her relative, who is improving.

AN INTERESTING CASE.

Court of Appeals Decides Against Local Colored Men.

Frankfort, Ky.—Jesse Walker, a negro, falls heir to 300 acres of land and several hundred dollars in personal property through a decision of the Court of Appeals reversing the Elliott Circuit Court and establishing his relationship to Richard Watson, a thrifty negro bachelor, who died in December, 1909, testate and possessed of this property.

An administrator was appointed and two sets of claims appeared, Jesse Walker, who declared Watson was his brother, and some negroes named Burgess, who made the same allegation as to their relationship to the deceased.

The Elliott Circuit Court declared that neither set of claimants had established their relationship, and on appeal it was sustained as to the Burgessses, but left open the question as to Walker. Walker proved that both he and Richard Watson were the children of slaves owned by John Walker, who lived on Troublesome creek, in Knott county. The parents and all the children were sold off and carried away in 1848, excepting Jesse and Bill, and Jesse was given to Walker's son, Alex, who was taken to Carter county.

About five years ago he saw his mother in Tennessee, and she told him his brother Richard had been carried into Virginia and then bought by Fred Moore or Beh Bates and taken to Carter county, where he was living with Rolla Watson. This was substantiated by various witnesses, and the Court of Appeals declared a judgment establishing his kinship, adding that before the estate is distributed other heirs, if any are living, be brought before the court.

When this suit was begun in Elliott county the fact was noted in this paper. One of the Burgessses named in the foregoing is Mose Burgess, a well known colored man of this city.

LICENSED TO WED.

Among those who recently obtained license in Boyd county to wed were J. O. Berry, of Louisa, and Carrie Endicott, of Millett, Ky., and Eugene Hensley and Leona Miller, of Gallup, Ky.

Y. P. M. S.

The Young People's Missionary Society of the M. E. Church South will be entertained by Miss Nina McHenry on Saturday afternoon, February 8th.

CORN CLUBS.

Organization for Corn Clubs and Good Roads Now Starting.

To the Boys of Lawrence County: We want to organize a lot of Corn Clubs in the county, one for each election or voting precinct. Three prizes will be awarded to each of the nineteen clubs, making fifty-seven prizes.

It is our desire to make prizes of value, but we will have to be governed by the amount of money we can raise for that purpose. First prize in each case will be not less than \$5.00 and we hope to make it more than that amount.

All boys from ten years to twenty years are eligible (ten to twenty inclusive.)

We are now formulating rules and plans which will be announced later. Let all boys get ready to join these corn clubs. Later we will announce when and where meetings will be held to organize clubs in each precinct.

GOOD ROADS.

The subject of good roads will be brought before the school boys of the county. The county will be divided into eight Good Roads Clubs to correspond with the eight educational divisions or magisterial districts.

Three prizes will be awarded to each division, making twenty-four prizes for good roads. We think first prize for each division will be not less than \$10.00.

Our plan is to have each school make 100 yards of good road. All of this will be fully explained later.

To the Citizens of Lawrence County:

We need your influence and help in the Corn Clubs and Good Roads. We must have money awards prizes. The more liberal you are toward this work the better will be the prizes. We ask all who are able to help in this work. One young man in Louisa has promised \$7.50 in gold. He offered this without being asked for it. Let us have liberal donations for the things so much needed in our county.

I shall try to see most of you and ask for your donation, but trust you will send me what you wish to pay if I fail to see you.

J. B. McCURE,
Supervisor of Corn Clubs.

More Prizes Added to the Big List.

The management of the Big Sandy News is so well pleased with the kind reception given the big prize competition by its friends throughout this section of the state that it has decided to add several more district prizes to the large list. Just what these added prizes will be, has not quite been decided but the full announcement will be made in next week's issue.

This will give all the contestants a good chance to win one of the prizes. New contestants and those who have been "thinking the matter over" but have not yet quite decided to make an active campaign, now need not hesitate to start. With the big "Double Vote Offer" in force, they can, with a very little effort, catch up with anyone in the race. Printed matter and full instructions for starting the campaign will be sent upon request.

HIS SIXTH BIRTHDAY.

Richard Bromley, the bright little son of Mr. and Mrs. C. B. Bromley, on Thursday last celebrated the 6th anniversary of his birth. The party was a very pleasant one to the young lad and his friends. The guests remembered their host with appropriate tokens, and each carried away a neat souvenir of the occasion.

TO ATTEND SCHOOL.

The family of P. H. Williams is occupying apartments in the residence of Guy Atkinson. Mr. Williams is mine foreman at Lower Greasy, and he has moved to this city to give his children the benefit of our excellent school.

HAS PURCHASED BLADE.

Mr. G. F. Friel, formerly of the Ashland Independent, has purchased the Portsmouth Blade and entered upon his duties as editor. Mr. Friel is a newspaper man of wide experience and is well equipped for his work.

TO THE LAND OF FLOWERS.

Herbert Sammons and Charley Branham, of the B. & O. railroad, left Louisa Tuesday morning for a trip to the South. They will go direct to Key West, Florida, and will spend about a month in the land of fruits and flowers.

WEST VIRGINIA NEIGHBORS.

DOINGS OF PEOPLE WHO LIVE JUST ACROSS THE RIVER.

William Pontious, constable of Magnolia district, was arrested Tuesday by Detective De Weese, of the Baldwin-Felt agency, on a warrant issued by Magistrate R. M. Stafford, of Thacker. The constable is charged with the killing of Jim Stepp, a young miner, which occurred early last week on the Kentucky side of the river between Thacker and Matewan.

Although Stepp was shot in Kentucky the West Virginia courts assume jurisdiction of the case and Mr. Pontious will be tried in Mingo county instead of Pike county, Kentucky. The statute covering this point was tested some few years ago in a case arising along the Mingo county border.

Grand jurors in session at the court house yesterday morning declined to indict Willard Miller, 13 years old, son of a prominent McComas district farmer, who had been arrested on the charge of killing Vint Triplett, 9 years old it was understood. Testimony in the case tended to exonerate young Miller of having willfully attempted to end the life of his schoolmate. Miss Stella Massie, the school teacher who was present when Miller pushed Triplett into a coal bucket, fracturing his skull, was one of the principal witnesses. She is said to have declared that the boys were apparently playing and their boyish scuffle hardly attracted her attention. Triplett lived three days after he had been injured. His assailant was arrested but was released on \$500 bail.

It has been reported that a well has been located by the United Fuel Gas Co., on Abraham Crabtree farm on Joels Branch Butler district.

There's much interest felt now in Wayne county regarding oil and gas.

The following well have been located by the United Fuel: Martin Phelps farm on Miller's Fork, Union district. The drilling will begin at once on this well. Abraham Crabtree farm on Joels Branch, Butler district. This well

HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

It is Home.

Many young men, standing among the most tremendous realities, have their eyes half shut or entirely closed. A mighty defence for a young man is a good home. Some of our readers look back with tender satisfaction to their early home. It may have been rude and rustic, hidden among the hills, and architect or upholsterer never planned or adorned it. But all the fresco on princely walls never looked so enticing to you as those rough-hewn rafters. You can think of no park or arbor of trees planted on a fashionable country seat as attractive as the plain brook that ran in front of the old farm-house and sang under the weeping willows. No barred gateway, adorned with statue of bronze, and awning open by obscurous porter in full dress, has half the glory of the old swing gate. Many of you have a second dwelling place, your adopted home, that also is sacred forever. There you built the first family altar. There your children were born. All those trees you planted. That room is sacred, because once in it, over the hot pillow, flapped the wing of death. Under that roof you expect, when your work is done, to lie down and die. You try with many words to tell the excellency of the place, but you fail. There is only one word in the English language that can describe your feeling. It is "home."

A Reply.

Mr. Editor:—In starting out into life there is proffered to me two maxims that are said to lead to success: "Do your whole duty in whatever state of life you may be placed," and "There is the White House; get into it if you can." Which shall I choose?

My young friend, to me these two maxims indicate contentment and ambition, and would reply: there is no need of both in this day and age to attain success. Aim to advance in worldly position if possible; the best road to success is devotion to your present duty. Aim to do your work with whole souled and contented thoroughness; this may lead you to higher spheres of life. The important question is not where you stand in the world, but what you really are; and this is determined not by the outside of circumstances of wealth or rank, but by the character within. Get riches and honor if you can, but do not seek them simply for their own sake, there are more precious things. The best prize in life can be won by the most humble citizen. A useful career and the love and esteem of those around you, are more than riches and millions; a noble character is a brighter crown than one of gold and jewels.

The Value Of Kind Words.

Let the young people who weekly read this column never lose an opportunity to say a kind word to their parents. Your parents have planned for you a better interest all these years. They may sometimes feel their nervous system all used up by the cares, and losses, the disappointments, the worries of life) be more irritable than they ought to be and they probably have faults which have become oppressive as the years go by. But those eyes, long before they look on spectacles, were watching for your welfare, and their hands, not as smooth and more deeply lined than once, have done for you many a good days work. Life has been to them more of a struggle than you shall ever know about, and much of the struggle has been for you, and how much they are wrapped up in your welfare you will never appreciate.

Have you by word or gift or behavior, expressed your thanks? Or if you cannot quite get up to saying it face to face you have written it in some holiday salutation? The time will soon pass and they will be gone out of your sight and their ears will not hear, and their eyes will not see. If you owe them any kindness of deed or any word of appreciation, why do you not say so? How much we might all of us save ourselves in the matter of regrets if we did not delay until too late in expression of obligation that would have made the last years of earthly life more attractive. The grave is deaf, and optapans on cold marble cannot make reparation.

The New Woman.

If the new woman comes as the creator planned when he "created man of his own image, in the image of God created he him; male and female created he them," by all that is good and holy, by all that is peaceable pure and praiseworthy, let her come, and welcome. Let her voice be heard not only in the house but on the house top; let her place and power be recognized, carefully considered and joyfully accepted and adopted, with a rising vote of the "party of the other part" unanimously expressed. If she comes possessed of the precious instincts of motherly affection, of sisterly devotion, of desire for mutual help and protection to the wayfarers on the highway of human and earthly endeavor. God speed the day that places her in the front ranks of human effort and worldly progress. A womanly woman has a place which no man nor woman nor saint nor angel, can ever displace. Here's the seat of honor in the front ranks of the better elements of soul being, or religious sentiment, of pity, of gentleness, and of the home.

GIVEN AWAY ABSOLUTELY FREE IN THE PRIZE POPULARITY CONTEST

INFORMATION REGARDING THE CONTEST.

How to Enter.

Clip, fill out the nomination blank with your name and address or that of a friend and bring or mail to the Contest Dept. The NEWS, Louisa, Ky. You will thereby become a candidate and immediately upon receipt of the nomination blank properly filled out, the necessary printed matter and instructions will be sent you.

Who May Enter The Contest.

Any person possessing a good character and residing in this section of Kentucky, may enter this contest. They do not have to be subscribers to the Big Sandy News in order to enter; all that is necessary is to send in the name and address of the party you wish to nominate. The nomination blank will count 1,000 votes for the person so nominated. Votes may be clipped from the paper or secured on subscriptions. The votes which appear in the NEWS are good for 50 votes each, if voted before date of expiration printed on the coupon. Those issued on subscription are according to the length of the subscription as shown elsewhere in this announcement. Under the contest arrangement, you only have to compete against your own district to secure any of the district prizes. Candidates and their friends may secure votes and subscriptions anywhere.

Territory of Contest.

District No. 1.

All of Lawrence County including Louisa, Ky.

District No. 2.

Includes Johnson, Floyd and Pike Counties and any other territory not heretofore mentioned.

How Votes Are Secured.

With every subscription the Big Sandy News, (when it is asked for) is given a ballot good for a certain number of votes, according to the length of the subscription. These ballots may be held as long as desired and voted at any time up to the last day of the contest. In fact, it is well to hold back a large percent. of your vote ballots, as then no one knows how many votes you have, and are less likely to have someone who knows that you have turned in all of your subscriptions and had the vote published, to step in the last moment and get the prize you desire. If you hold back part of your ballots no one knows (not even the contest department, for no record is kept of vote ballots issued to you) how many they must have to win, and will not take the chance of spending their money for nothing.

Votes may also be clipped from the paper and are given with purchase made at the stores of the merchants who are members of the campaign.

Votes given with purchases at stores are good five days from date thereon.

How Prizes Will Be Distributed

The Grand Prize—the beautiful \$350 Piano—will be awarded to the contestant who has the highest vote polled in the entire contest.

The contestant standing highest in each district after the grand prize has been awarded, will be given a handsome Diamond Ring.

The contestant standing second highest in each district, after the grand prize has been awarded, will be given a handsome Diamond Ring.

The contestant standing third highest in each district, after the grand prize has been awarded, will be given a 15 jeweled Elgin Watch.

The contestant standing fourth highest in each district, after the grand prize has been awarded, will be given a 7 jeweled Elgin Watch.

How Decided.

The persons to share in the distribution of these prizes will be decided by the popular vote of the people. Beginning to-day, there will be published in the Big Sandy News a coupon which will be good for 50 votes for the person for whom it is voted. But by far the quickest and best method of securing votes is to get your friends and acquaintances to subscribe for the Big Sandy News. Votes are issued according to the length of the subscription as explained in another part of this announcement.

Votes are also given with purchases made at merchants who are members.

Open to Everybody.

This great prize campaign is open to everyone—boys and girls—men and women residing in the territory in which the paper circulates. It costs nothing to enter or try for any of the prizes.

Candidates and their friends may secure subscriptions anywhere. No special ballots will be issued on subscriptions for less than a dollar.

Candidates must be entered from the district in which they reside, and cannot move from one district to the other and retain the votes to their credit in the former district.

The contest manager reserves the right to reject any candidate and to pass final judgment on any question which may arise.

Candidates compete only against the contestants living in the same district as themselves for the district prizes.

The contest manager reserves the right to make any changes or alterations in the rules and conditions that may be necessary to the best interests of the contest.

No promise or agreement, either written or verbal, made by agents, solicitors or representatives, other than those published in the Big Sandy News will be recognized.

The rules and conditions given above are to govern the contest of the NEWS and all candidates entering the contest agree to be governed by the rules and conditions as above set forth.

Votes are positively not transferable.

No member of the force of the Big Sandy News or any member of their families will be allowed to enter the contest.

Address all nominations and communications to the contest Manager Big Sandy News, Louisa, Ky.

Chief Justice John K. Shields, of the Supreme Court, was elected to the Senate for the long term by the Tennessee Legislature.

Prof. W. R. Webb, of Bell Buckle, Tenn., Independent Democrat, was elected United States Senator for the term ending March 4, next. He defeated M. T. Bryan, of Nashville, Democrat, 73 to 53.

Despite the fact that the election of Shields gives the Democrats a majority of one they are watching the contests in Illinois, Montana and New Mexico and hoping to get at least one more Senator.

Second Floor Specials.

Our great ready-to-wear section offers many tempting bargains in seasonable merchandise a few of which we mention. The styles offered were purchased for this season, the variety is very good and the quality of the merchandise is unquestioned and up to our usual standard.

Women's and Children's Coats at Half Price

This is choice of our winter stocks and comprises a varied line of dependable styles and materials from which to make selections. Half price on these items means more to the customer than ordinary half price offers because when we say half price we half the price the goods were last offered to the customers. Not half of the original selling price. This makes a great many of these coats at really less than half value.

Other Half Price Items of Special Interest

Our line of wool dresses for women, misses and children is well worth special attention. Our line of flannelette dressing gowns and kimono at half price make another very attractive offer. The remainder of our wool suit stock at half price will afford an opportunity for purchases that should not be overlooked and several other items of like merit make the second floor one of special interest to the enterprising purchaser.

Special From the Millinery Department

Final clearance prices are in force in the millinery section. Our trimmed hats in values up to \$25.00 are offered at \$3.50 to close and those up to \$12.50 are offered at \$2.50 for final sale. We also offer a line of silk bonnets in values up to \$5.00 at half price and our silk baby caps values from 25c to \$4.00 will be on sale in the infants department at half price to close. In addition to the above our line of fruits and flowers, etc., in the millinery trimming stocks will be offered at most attractive figures.

President of Straight creek, died Sunday of senility aged, eighty-six years was buried Tuesday in the family grave yard. Hammons and Rucker will soon finish their job of sawing on the farm of Eden Fannin and will move to Soldier where they have a \$11,000 contract. John Fields, of Rush was transacting business on Bolts Fork last week. Theodore Cohn, a tobacco merchant of Glenwood, who employs a large number of hands at that place, met with what might have been a more serious accident while crossing Little Fork with a large load of tobacco, drawn by four yoke of oxen. The stream was swollen more than was expected, and Mr. Cohn not being well acquainted with the ford, attempted to cross. About middle ways of the stream the wagon overturned, but luckily came loose from the cattle. Mr. Cohn and the wagon floated down the creek some distance, being a poor swimmer he barely escaped with his life. While Mr. Cohn is well fixed financially he does not take the loss of the tobacco seriously but is thankful his life was spared. We have a mad dog scare in our community. Several have been seen about Bolts Fork and the vicinity of Glenwood. One attacked Jno. Queen near Glenwood hut was luckily driven away by the aid of a hoe and was finally killed at Glenwood by Edgar Riffe.

Whitesburg, Ky.—It is announced that an Eastern syndicate has bought the Sam J. Wright and Joe Osborne tracts of coal and mineral lands near here, consisting of about 1,200 acres. Mrs. Mary Colvin, an aged and highly respected old lady died at the home of Prof. McDowell, at Manilla, Johnson county, Monday and was laid to rest in the family burying grounds Tuesday afternoon. She was the mother of Mrs. Milton McDowell, of Manilla, and Mrs. Jno. W. Turner, who resides three miles west of Paintsville, and belongs to one of the most prominent families of the county.

Gov. McCreary appointed Judge Ailie W. Young, special judge of the special term, which has been called for four weeks beginning Monday. The appointment was made at the request of the Breathitt county Law and Order League, T. C. Johnson, representative of the league, called on Gov. McCreary yesterday, and laid before him the situation in Breathitt county, which he declared is infested with blind tigers and burglars.

One of our older citizens made a great mistake by giving the county seat its present location. This we will admit, but we must accept conditions as we find them, and make the best we can of them. It would be a great burden on the citizens of Salersville, as well as the tax payers of Magoffin to move the town including the public buildings, to higher ground. Yet it cannot be disputed that life and property are in constant danger of floods. This fact has been ascertained by more than one expert engineer.—Kentucky Mountaineer.

Hon. H. Clay Turner of 472 E. Main St. Lexington, Ky., a prominent dealer in real estate, was struck with paralysis Monday, while walking through the lobby of the Leland hotel.

When he was reached by bystanders he was unconscious and remained so throughout the night.

We were informed yesterday that he had died.

Mrs. Turner was formerly Miss Laura Prichard daughter of L. Prichard of this place, and whom most all of the people in this county knows.—Sandy Hook Echo.

IN LOVING REMEMBRANCE.

On Tuesday evening, Jan. 21, '13, W. V. Roberts laid aside forever the joys and sorrows, the toil and suffering of his earthly life. Quietly he fell asleep to wake with the dawn of another life.

They never quite leave us, our loved ones who have passed through the gateways of death to the sunlight above, for a thousand sweet memories are holding them fast to the places they blessed by their presence and love. He has gone from his dear ones, his children his wife whom he willingly tolled for and loved as his life, O, God how mysterious and strange are ways, to take from us this loved one in the heat of his days. Then comes the thought so solemn and deep, he is not dead but only asleep and while he lies in peaceful sleep his memory we will always keep. Thou sweet to breath thy name in life. We loved you, in death we do the same we think of you when we are all alone, for memory is the only thing that grief can tell its own. Sadly misled by his devoted and bereaved wife and children.

TWO LITTLE ONES

From Kentucky Town To The Children's Home.

The Cincinnati Enquirer says:

Leslie Salyer, of Middle creek, on the Big Sandy River, in Kentucky, has taken a crude way of getting his children educated. From his mountain home he sent his two youngsters to Rev. M. V. Crouse, of the Children's Home, and for the time being his request will be granted.

The man became acquainted with the workings of the Home just before last Christmas, when he, a typical mountaineer, came to the attention of the police with his three children. They were stranded. He had married a second time, and this venture was not a smooth one. At the time he was in a town in the upper part of the state, and with the children by the first marriage he started to work his way back home. When he reached here he was penniless. The little ones were given temporary shelter at the institution while the city investigated his case. A satisfactory response

came from Middle creek and he and two of his children were given free transportation to Kentucky. The youngest, 3 years old, was given up by the father.

Things did not go well in the Kentucky hamlet. Salyer had trouble with his people, and Chalmers, the eldest son, was asked whether he wanted to return to Cincinnati and get an education. The boy thought the matter over several days and decided in the affirmative. Salyer sent along his eight-year-old daughter, who had the measles since leaving Cincinnati less than a month ago. The father placed the children on the train. When they arrived late Thursday night neither had eaten for over six hours. Chalmers remembered the name of Rev. Crouse. The railroad men had heard of it before, and the little travelers were soon at the Children's Home.

Rev. Crouse last evening said Salyer's performance was an unusual one, and he proposes to keep the children for the time being, believing the father has some place where he intends to establish a home for them. If he does not then the case will be presented to the Juvenile Court.

INCREASED ENROLLMENT.

Frankfort, Ky.—An increased enrollment of more than 15,000 among white pupils in the rural schools, an increase of 40,913 in the daily average attendance, and an average increase in the salaries of rural teachers of \$26, are some of the results of the enforcement of the compulsory education law, coupled with the law, basing the salaries of teachers on the percentage of enrollment and attendance as well as efficiency, according to a report made by the Kentucky Department of Education to the Federal Educational Bureau. These statistics deal only with conditions in the white rural schools. The report to the Legislature was anticipated in this regard at the request of the Federal department.

On January 28 both the State Normal Schools will start a ten weeks' course for county rural school supervisors, and the course will be extended to three years. Prof. Coates will take charge of the course at Bowling Green for the first five weeks and then will go to Richmond.

Besides the regular professional subjects this course will include such practical problems as the func-

tion of the rural school, what constitutes a first-class rural school, as to environment, yard buildings, equipment, supplies, organization, teacher, grading, etc.; management and discipline for making citizens, school entertainments and exhibitions, development centers and demonstration schools, school laws and legislation with respect to the work of superintendents, work, methods, reports, attitude, pitfalls, etc., of supervisors; school visitation by groups of teachers, course of study; play and games, retardation, valuation and selection of books from rural libraries, consolidation, problems of the two on more teachers' non-consolidated schools.

DISTRIBUTION OF FARM LABOR.

One way to make money on the farm is to save it by so distributing the labor throughout the year that the minimum of hiring may be done and the farm owner may always be busy. The winter season is often the leisure time of the farmer. Here are some ways in which he can profitably employ his time.

The winter months afford opportunity for overhauling and repairing all farm machinery. During the cultivating, sowing and harvesting seasons whenever it is noticed that any part of a machine is needing repair, note should be made of the defect; then in winter the farmer should have a comfortable room where all such parts can be made good. A thorough cleaning of the bearings and gearings of any machine reduces friction, saves wear, and often discloses worn out parts. If all farm machinery is carefully looked after in this way during the slack season, much annoyance and money will be saved the following summer.

All practical and up-to-date farmers will look after the selection, and germination tests of seeds, which are to be planted next summer, during the winter months. He who sends early to his seedsmen for samples of seeds, selects those free from weed seeds and of high germinating power, and sows early, will often be rewarded by greatly increasing yields. Help and information concerning selection and germination tests of seeds will be gladly furnished by the Kentucky Experiment Station, upon application.

Every farmer should have stock to care for during the winter

months. Live stock can be so managed that the largest amount of work connected with it will come in winter. Early lambs will make a busy time during the latter part of winter. The proper housing of stock during the cold and stormy months will add to the work of feeding as well as to the quantity of manure, which should be hauled upon the land practically as fast as it is made.

The farmer, of all business men, is the man who is most careless about keeping account of his business. If the farmer cannot do this, he should hand the problem to the sixteen year old son or daughter. At the close of another year it should be known exactly what crops and what lot of stock have furnished profits.

BIG GAS DEAL CONSUMMATED.

One of the biggest gas deals consummated in West Virginia in many years was concluded here yesterday morning, when Senator B. J. Pritchard, of Wayne, President of the Belvard Oil & Gas Co., and the Wayne Central Oil & Gas Co., and representing himself in certain private interests, contracted with the legal representatives of the United Fuel Gas Co., for the disposal of the daily output of the wells now owned by the Pritchard interests, in Wayne county.

The deal contemplates the sale of a minimum of 12,000,000 cubic feet of gas per day from fourteen producing wells, eleven of which are the property of the Belvard Oil & Gas Co., the other three belonging to the Wayne Central Oil & Gas Co. In addition to the wells now producing the United Fuel company will have the purchasing rights of the product of 12,000 acres of rich gas producing territory, as follows: Belvard Oil & Gas Co., 6,000 acres; Wayne Central Oil & Gas Co., 3,200 acres; B. J. Pritchard, individual tract, 2,800 acres, making a total of 12,000 acres.

Since the development of this field began five years ago, fourteen wells have been put down. It is a remarkable fact that out of this entire number every well has proved a producer in paying quantities, and some of them have shown remarkable capacity, one making 8,000,000 cubic feet.

templated in the deal closed yesterday, had but recently piped gas to Wayne, where the Wayne Light, Heat and Water Co., began on November 9, to furnish gas to the people of the town for domestic consumption. The rights of the local furnishing company will not be jeopardized by the deal, though not formally taken over by the purchasers.

In securing these rights the United Fuel Gas Co., has come into possession of the output of one of the richest gas producing fields in the country, comprising an acreage which will render the supply practically inexhaustible. Every part of the territory has been tested and found fruitful.—Herald-Dispatch.

SKENE BROS. GET CONTRACT.

That the contract for all concrete construction on the B. & O. railroad bridge expected to be built at this point across the Ohio river, has been let to James Skene's Sons, contractors with offices in this city, was the tignor of an unofficial report received here yesterday. It was stated that Mr. Skene had announced the award of the contract from his office at Jenkins, Ky., and had gone to Philadelphia, for the purpose of placing sub-contracts on the work.

While the report was not confirmed by any local officials of the road, it follows significantly upon the report made public yesterday morning that the big contract for the construction of the bridge had been awarded to the United States Engineering & Construction Co., at a cost of approximately \$2,000,000.

The Skene company will act as sub-contractor on the work under the U. S. Engineering and Construction company, according to reports, and will in turn, let other sub-contracts for the concrete construction.

Indications pointing to the early commencement of the work on the new bridge have been accumulating during the past few weeks, and that it will be begun at a not distant time seems to be more than a possibility.

The amount for which the concrete contract was let has not yet been made public.—Huntington Herald-Dispatch.

The James Skene's Sons Co. is composed of James Skene, and his sons Otis and George. Geo. Skene is still a resident of this city, while his father and brother, Otis, were residents a year or so ago.

HOW TO TELL—First read the testimony and learn what Doan's Kidney Pills have done for others.

Then if your back aches, if sharp pains strike you when stooping or lifting; if you are lame in the morning, tire too easily; if you have dizzy spells and are nervous, despondent and inclined to worry over trifles; if the kidney secretions are highly colored and full of sediment, if passages are too frequent, scanty, painful or scalding, it is likely that your kidneys need quick attention.

Take a sample of the urine and let it stand for 24 hours. If a sandy, brick-dust like sediment settles to the bottom of the receptacle, there is evidence enough to suspect the kidneys.

CROSS STREET

A. Wellman, hatcher, Cross St., Louisa, Ky., says: "Doan's Kidney Pills are the finest kidney remedy ever used. I am glad to recommend them publicly. My kidneys gave me great annoyance for years. The action was irregular and the kidney secretions were unnatural. I also had backaches. Different medicines I used gave me no benefit until I began taking Doan's Kidney Pills. In a short time I began to feel better, and before long I was strong and well. I never tire of praising Doan's Kidney Pills."

NERVOUS AND DIZZY

Mrs. Margaret Holley, Louisa, Ky., says: "I never used anything that did me as much good as Doan's Kidney Pills and I know that they will help anyone. What I said in their praise before still holds good. My kidneys were weak and my back ached. I had pains in my head and sides. I was nervous and often became so dizzy that I had to grasp something to keep from falling. I had to get up several times at night and in the morning I felt all tired out. I tried different medicines but none did me any good until I used Doan's Kidney Pills. They made me stronger and better in every way."

WEAK AND TIRED

Mrs. Sarah Pigg, Louisa, Ky., says: "All I said in 1908 recommending Doan's Kidney Pills still holds good. The cure they made me has proven permanent." (Statement given Jan. 3, 1912.) Mrs. Pigg's former endorsement given some years ago was as follows: "I suffered from symptoms of kidney trouble, all of which were painful and annoying. My back ached and I could hardly endure the dull, heavy pains. I was weak and tired and had no ambition. I had nervous headaches and dizzy spells and was annoyed by the kidney secretions. Doan's Kidney Pills were brought to my notice and procuring a box at the Louisa Drug Store, I began their use. They regulated the kidney action and entirely rid me of my suffering."

MAPLE STREET

William G. Shannon, Maple St., Louisa, Ky., says: "When I hear of anyone having kidney trouble I always advise the use of Doan's Kidney Pills. I am glad to confirm the testimonial I gave some years ago when I told of the benefit Doan's Kidney Pills brought me. For years I had been a sufferer from pains through my back and I had difficulty in straightening after stooping. At night I was restless and when I got up in the morning, I was tired. The kidney action was irregular. Finally, I used Doan's Kidney Pills and they gave me relief. The kidney action became regular and the pains and aches left."

LOCK AVENUE

J. B. Peters, Lock Ave., Louisa, Ky., says: "Doan's Kidney Pills did me more good than anything else I ever used. Many people have asked me about them and I have always recommended them. I do not hesitate to confirm my former testimonial. (Statement given Jan. 3, 1912.) On January 28, 1908, Mr. Peters said: "I was in a bad shape with kidney trouble. When sitting down for a few moments and attempting to get up, my back felt as if a heavy weight were tied to it and sharp pains darted through my kidneys. When stooping, it was hard to straighten. Rheumatic pains seemed to shoot all through my body, but particularly in my knees, hips and joints. I was languid and all run down when I began taking Doan's Kidney Pills, procured at the Louisa Drug Store. They made me feel like a different person, removing the troubles."

FRANKLIN STREET

Mrs. R. Lewis, Franklin St., Louisa, Ky., says: "Doan's Kidney Pills fixed me up fine. I used seven or eight boxes and they completely rid me of kidney complaint. I am pleased to confirm the statement I gave in 1908 praising them." (Statement given Jan. 3, 1912.) On January 27, 1908, Mrs. Lewis said: "For a long time I suffered from various symptoms of kidney complaint. I experimented with many remedies but found no benefit until I took Doan's Kidney Pills. They gave me freedom from spells of headache, strengthened my kidneys and bladder and improved my health in every way. I have been convinced of the merit of Doan's Kidney Pills."

POWER STATIONS TO BE UNITED.

Pikeville, Feb. 1.—It is the intention of the Consolidation Coal company, which owns the Jenkins mining operation in Lotcher-co, and the Van Lear operation in Johnson-co, to build a large power station at the latter place, to furnish several thousand horsepower for the operation of its mining machinery there. A line will be erected between these two sources of energy, across a distance of about 60 miles, as a precaution against a break-down at either place, so that in case either should be disabled, the other may act as supply for both. The Van Lear station will be put in at once, and the power line between them will be built as soon as the station is completed.

REBECCAS HOLD MAS-

Last Thursday, Jan. 30 the order of Rebecca's held a grand masquerade party at the I. O. O. F. Hall which was perhaps the most popular and enjoyable social event of the entire season. Each of the members was dressed in some particular mode that represented the different races of people of the earth; and there is no doubt that his magnificent suffragettes of New York could have gleaned many practical ideas of costume and masquerade for their grand parade soon to be held in that city if they had visited Pikeville on that memorable occasion.

This was indeed a grotesque assemblage, and perhaps the most comical of these was Mrs. Kate D. Hatcher, who won the prize. With her mask, curious head-dress, ornaments of every description appended to her loosely fitting gown, she was secure against recognition, and many thought it was Aune Itcheney. Mrs. F. A. Engler was also a remarkable study of make-up, having spent much time in the West recently, she possesses a unique collection of Indian blankets, dresses, trinkets and wares of different kinds. She pressed these into service in a most pleasing and skillful manner. With her papoose, awkward hood and yarn gloves, she was a veritable representation of the Indian or Esquimo mother. Neither could she be recognized, but many took her to be Kluko Dilla. Mr. and Mrs. Tom Williams, Mrs. Geo. Pinson, Jr., Miss Beulah Riggs and Sam Saad and many others added to the comical features of the grand fete. Other figures of grace and beauty and of modern life lent a diversity beyond the merely comical, and perhaps Mrs. Chas. Bentley was the most transcendently beautiful of these. As the modest American Bride, she charmed all hearts. Dressed in her white trained robe, her checkered veil, high collar and pretty pink roses on each side of the head, she was the stately Queen of matrimony, and she acted the part in a most dignified and becoming manner.

Refreshments of old-time gingerbread, popcorn and buttermilk were served to a large gathering of spectators, consisting largely of the public who were admitted free, and everybody was in a jolly mood. Many were the pleasant cross-fires at each other.

Addresses upon the subject of Fraternization were delivered by Revs. M. C. Reynolds and T. J. Riggs at the conclusion of which the prize of one large box of chocolates was awarded to the winner in the masquerade contest.

At the conclusion of the ceremony all adjourned to the moving picture show, where Mr. Saad, the chairman in the party of maskers, gave a free admittance to everyone present.

MOOSE CLUB ORGANIZES.

Pikeville, Feb. 6.—Last Saturday evening H. M. Hoskins, who is both district and county chairman of the Progressive party, assembled a number of Moose in the office of J. M. Bowling for the purpose of organizing a Moose club for Pike county. All the members were enthusiastic over the brilliant prospects of the party, and each here a willing hand in the organization.

In his welcome address Mr. Hoskins gave out the statement that the progressive party will place an entire county ticket in the local field at the coming election. This will be an important contest, as nearly all the county officers must be filled, and the Moose are anxious to try their strength.

Mr. Hoskins at this meeting tendered his resignation as county chairman, saying that the duties of district chairman were as much as one man can well look after. A. F. Childers, a practicing lawyer here, and a staunch progressive will likely succeed Mr. Hoskins. The county committee will meet in this city on Feb. 17, to select the county chairman.

Dr. Hartman Says:

Write to Peruna Testimonials if You Want to Know the Truth.

The following letter was received by Dr. Hartman through his regular correspondence:

"I notice the testimonial of Mrs. Aljoe Bogie, which you give in your last article. If I should write her do you suppose she would give me further particulars? I have heard it said many times that these testimonials are false; that they are either absolutely fictitious or else the people have been hired to write them. I have been inclined to write you a great many times but these stories about patent medicine advertisements have discouraged me from doing so. I am afflicted with catarrh and should like very much to find a remedy such as your article describes."

To the above letter Dr. Hartman made the following reply:

My dear Madam:—I do not wonder that you are confused and have lost all faith in advertised remedies. There has been so much said against them, so much controversy concerning them, I am not surprised that some people have lost confidence in them.

I wish you would write Mrs. Bogie, as one woman to another. I wish you would ask her whether she has been hired to write such a testimonial, whether her testimonial represents the truth.

I hope you will remember that she is a housewife, like yourself, that she has something to do besides write letters, that she is a woman of moderate means and cannot afford to write these letters and pay her own postage. I hope you will enclose stamp so she can answer you without loss to herself.

Mrs. Bogie is a very estimable lady and no doubt she will both profit by being acquainted with each other.

Should you conclude to try Peruna for your catarrh I would be very glad to hear of the result. I can assure you that no use will be made of your letter, except by your written consent. Mrs. Bogie very kindly consented to have me use her letter, which is my reason for doing so, and you will be treated exactly as she has been.

People recover from chronic catarrh who take Peruna. There is no doubt about that. Some surprising recoveries are reported almost daily. I have thousands of them in my files. PERUNA IS FOR SALE AT ALL DRUG STORES.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.
